EDUCATION

Master's in Fundamental Computer Science (2022)
As part of the ENS diploma with honors (14.74/20)

Bachelor's in Fundamental Computer Science (2020)
From ENS de Lyon, with honors (14.14/20)

Double Bachelor's in Mathematics (2020)
Alongside studies at ENS de Lyon.

Cambridge Advanced Exam (2020) Grade C
Certifies a C1 level in English.

Scientific Baccalaureate Mathematics Track (2016)
With highest honors

SPORTS ACTIVITIES

Judo, Jujitsu, Boxing, MMA, Running/Trail, Hiking, Climbing

⚙ PROFESSIONAL EXPERIENCE

📅 September 2025 - December 2025
📍 Université Grenoble Alpes
Teaching Assistant
Algorithms and Data Structures for Second-year undergraduates

📅 January 2025 - April 2025
📍 Université Grenoble Alpes
Teaching Assistant
Systems and Networks for third-year undergraduates and Computer Architecture for second-year undergraduates

📅 October 2024 - December 2027
📍 Grenoble - INRIA / LJK
PhD
Computer vision for High Level Sport Athlete : Multiview 3d human pose estimation, Fusion of multimodal motion data, inverse kinematics, large vision models, Video Temporal Actions detections

📅 April - July 2024
📍 Paris - INSEP
   IRMES
Research Internship: 3 months
Applying Deep Learning to the longitudinal analysis of high-level athletes' training data and performance prediction. Predicting perceived effort from power output.

📅 2023-2024
📍 Japan - Tokyo
   National Institute of Informatics
   Sugimoto Lab
Research Internship: 5 months
In Computer Vision on the topic "Animatable Neural Human Body With Clothes From Casual Videos". Deep Neural networks, ray marching, dynamic NeRFs, implicit surfaces, CUDA implementation, Meshes Warping

📅 2022
📍 Grenoble - PERFANALYTICS
   LJK - Université Grenoble Alpes
Research Internship: 6 months
Computer Vision with the title: "3D Human Mesh Reconstruction from Multi-Camera Videos: Case of High-Level Sport". Part of the work was presented at CMBBE 2023 - 18th International Symposium on Computer Methods in Biomechanics and Biomedical Engineering. Deep neural networks, statistical models, automated video rendering

📅 2021
📍 Lyon - SYSCOMA - LIRIS
Research Internship: 3 months
Deep Learning: "Learning Algorithms using Neural Networks". Transformers, recurrent networks, logic learning

📅 2020
📍 Grenoble/Orléans - CNRS
   MADICS - DOING
Research Internship: 6 weeks
Undergraduate research: "Data Science Query and Machine Learning". Publication: https://doi.org/10.1007/978-3-031-14135-5_16. Neural networks, graph databases, graph predictions

🎓 EDUCATION

📅 2022-2023
📍 Lyon Entrepreneurial Center
Student Entrepreneur Diploma
Gap year: Training in entrepreneurship with a project to create an application for tracking and analyzing weight training in a gamified way.

📅 09/2019 - 2024
📍 ENS Lyon, France
École normale supérieure de Lyon
First year: Core studies at ENS Lyon, earning a bachelor's degree in fundamental Computer Science and a double bachelor's in Mathematics.
Second and third year: Continued studies at ENS Lyon, earning a research master's in fundamental Computer Science.

📅 09/2016 - 07/2019
📍 Lycée La Pérousse-Kérichen, Brest, France
High School Preparatory's Class in MP
First year in MPSI, followed by two years in MP* with a Computer Science option.

EXTRACURRICULAR ACTIVITIES

📅 09/2020 - 2023
📍 Lycée Du Parc &
Lycée La Martinière, Lyon

Oral examiner in CPGE MP
Examiner for oral assessments in preparatory classes for top engineering schools, MPSI, MP, MP*

📅 October 2019, 2021, 2023
📍 ENS Lyon

Science Outreach Events
Organization and facilitation of various activities at the Science Festival and Geek Touch (Lyon) on topics such as the work of researchers, critical thinking, different scales, and AI.

📅 09/2004-
📍 Arzano, France

Judo-Jujitsu
Second-degree black belt, Club President, International-level competitor in Jujitsu, Regional referee, and tournament co-organizer.
